## MR1301 EVAC Message Player / Voice Recorder
MK II

improved

MR1301 - EVAC Voice Message player has been further upgraded, notably the way the unit shall be setup. LAN port has been added to enable configuration to be performed smoothly using web interface with user friendly GUI. Tasks such as uploading of files, combining or grouping messages, key assignments shall all be done via web browser or the front button keys.

As one of the most important equipment in EVAC, MR1301 MK II shall perform beyond expectation by providing precise message delivery and clarity, to enable timely and systematic evacuation procedures in time of distress. Apart from the above application, it can also be used as general message player such as prayer playback, voice recording and other usages as required.
